PROFESSIONAL SUMMARY

Final-year B.Sc. Mathematics & Computer Science student with strong expertise in frontend development, UI/UX design, and interactive web applications. Experienced in building animation-rich websites, workflow automation, and scalable applications using modern tools. Passionate about creating visually engaging and user-centric digital experiences.

PROFESSIONAL EXPERIENCE

[Frontend Developer Intern]

[Quapri Quality Prints and Works | Bengaluru]

Jan 2025 – Jun 2025

- Developed and deployed dynamic client websites using HTML, CSS, and JavaScript
- Automated email workflows and outreach using n8n, improving operational efficiency
- Applied UI/UX principles to enhance cross-device user experience
- Delivered high-quality projects in a fast-paced startup environment

PROJECTS

[Visages Website]

- Developed a visually rich and interactive website with advanced animations and modern UI/UX
- Ensured full responsiveness and optimized performance across devices
- Focused on enhancing user engagement through intuitive and aesthetic design

Project Live Link- [[CLICK HERE](#)]

[INK – Mobile/Web Application]

- Designed and developed a scalable application using modern frontend and backend integration
- Worked with structured workflows and backend services (Supabase)
- Focused on clean UI, usability, and real-world application logic

[DOODLE QUEST]

- Built a 2D platformer using JavaScript and HTML5 Canvas
- Implemented a unique draw-your-own-character mechanic
- Designed multiple levels, enemy AI, and boss battle systems

Project Live Demo - [CLICK HERE]

[Client Websites (Internship Work)]

- Developed 4+ animation-rich websites for real clients (interior design, photography, print services)
- Delivered optimized, responsive, and user-friendly designs under tight deadlines
